

Building Envelope Symposium

Program:

Morning Session 8:00—11:30 am

Warranties, Guarantees, Indemnity & Insurance
What the BIG Letters giveth, the little letters taketh away
Presented by Stephen A. Hilger, Attorney, Stephen A. Hilger & Associates, P.C.

In this program we will discuss the benefits and pitfalls as well as the differences between warranty, guarantee and indemnity agreements. We will also discuss briefly cover insurance contracts and how they effect the warranty, guarantee and indemnity agreements.

Specifications: A Roadmap to Success

The single most important component of a successful construction project is a properly prepared set of specifications. This program highlights why specifications are important and, more importantly, what to look for to ensure that the documents provide the best possible outcome for the project.

Managing Roofing Projects – “Rules of Engagement”

Determine the best “fit” for your organization as it pertains to quality, price, delivery, and return on investments.

Afternoon Session 1:00—4:30 pm

The Energy Management Plan – Energy Savings Strategies

Discover ways to save energy in your facilities.
